Optional Excursions

Whether it's a special dinner, a local show or a special behind-the-scenes glimpse into an historical site, optional excursions are a wonderful way to enrich your vacation experience even further, allowing you flexibility. While we have already included the "must-see" sites and experiences in the package itself, we understand that people take interest in different activities and allow them to craft a more personal vacation experience by providing optional excursions they can hand-pick based on appeal and personal interest.

The optional excursions for Irish Adventure tour will be announced at a later date. We will discuss these in detail before you depart, and will include information about the opportunity to pre-book most of these excursions. With plenty of time before you leave.

Other Helpful Trip Details

Passport Names & Expiration Date: You are required to have a passport for this trip. Please double check your name spelling and make sure that is listed correctly on the Reservation Form. Your passport expiration date must be valid thru October 2018.

What is the weather like in October? It's certainly hard to predict the weather, even a few weeks before your trip the forecast can't be 100% accurate. Specific to Ireland your tour encompasses several different areas of the island, and this means you can see some changes along your tour route. The temperatures are never hot there, and in October we think you will see high temperatures staying around the lower 60s. We would not expect anything in the 70's, and there is a chance for the high temperature to only be in the 50's. Early mornings are typically the coolest and in certain areas that means in the 40's until it warms up during the day. Rainfall amounts do vary, but it could rain on and off periodically each day. While the rain is typically not significant each day, it does tend to rain somewhere every day on the island for a little bit of time. You will need a light/medium jacket, and rain protection. It's possible that a warmer hat could be needed - just in case. The weather conditions could change during the tour each day, so you'll want to be prepared by layering your clothing. You can shed layers as it warms up outside, or on the motor coach; and then layer back on when it cools down.

You will need an electrical adapter: The adapters are usually \$15-\$20, and you will need one. Many of the plugs today have multiple outlets and USB ports for additional charging capabilities. Locally, you can find them at Walmart, Target, Walgreens, TJ Max, but you can also find them online. You need one that will work for the United Kingdom & Europe. A hair dryer is normally located in each hotel, so no need to bring yours. If you use a straight iron or curling iron, you may want to consider getting a dual voltage iron, which can also be found at stores like Walmart or Target.

How do you get money on tour? The (cash) currency in Ireland is the Euro. While in Northern Ireland it is the British Pound Sterling (commonly called the "Pound"). You will either pay for your items with a credit card or use the local cash/currency (Euro or Pound). If you use a credit card, a Visa or MasterCard is widely accepted. American Express can sometimes be used at certain stores, but Discover card is NOT accepted in Ireland. To obtain local currency (cash), we recommend you use a Debit Card at any ATM after you arrive in Dublin and get the rest of your cash as you need it along during the tour. We will discuss this again during our trip meetings, and before you leave on your trip.

Are any shots or vaccinations needed? No medical shots or vaccinations are needed for this trip, unless you will be traveling into Africa or Asia within the few months prior to Ireland.

Extend your trip to Scotland – Prior to the Irish Adventure tour, you can visit Scotland. See both of these wonderful countries together and save on airfare costs. Both trips coordinate perfectly with dates, and you would only have costs for 1 airline ticket rather than two. Contact Ken with GalaxSea or Chad with MSSU for details on Scotland.
