Distinctive Voyage Cruise Program

During our cruise with Celebrity, Ken & Bryan will serve as the assigned Distinctive Voyage hosts. Onboard there will be other travelers who are not part of our local group, but they are part of the Distinctive Voyage onboard the ship. Each member of this Distinctive Voyage group, which includes us, will receive an invitation to a private reception party, and a complementary Shore Excursion event during our port in Crete. Our excursion in Crete is called the Highlights of Chania. This 5.5 hour tour includes a walking tour of the Chania Old Town, a visit to the Agia Triada Monestary, *panoramic views at Akrotiri*, and a glass of wine and light snack. This is a complementary tour, included with our Distinctive Voyage. You're not required to go, but it's included in our costs, and you should go with the group. Ken & Bryan will be on this excursion hosting the guests joining us on the Distinctive Voyage.

For our local group, those of you traveling with Ken and Bryan, we will make other decisions for sightseeing in all the other ports during our cruise and our stay in Venice. These excursions will have additional costs, but we will discuss all of those things together, later this spring, so we can all decide what options are best.
